MANDATORY COMPLIANCE

Attention: Public Pool Owner/Manager:

On December 19, 2007 Congress passed the “Virginia Graeme Baker Pool and Spa Safety Act” which requires:

1. On or after **12/20/08**, all suction outlet(1) fittings and covers made, imported, or sold in the U.S. must be certified to comply with ASME/ANSI A 112.19.8, 2007 version.
2. As of **12/20/08**, all public pool and spas , both new and existing, be equipped with certified covers on every suction outlet(1).
3. As of **12/20/08**, every public pool and spa, new and existing, that has a single outlet(1), other than an unblockable outlet, must employ one or more of the following additional options: (A “single outlet” refers to submerged outlets but skimmers **ARE NOT** included.)
 - Safety vacuum release system (SVRS) that complies with ANSI/ASME A112.19.17 or ASTM F2387; or
 - Suction limiting vent system; or
 - Gravity drainage system; or
 - Automatic pump shut-off; (Which is not a spa emergency stop switch) or
 - Drain disablement; or
 - Equivalent system that may be approved by the CPSC.

Every drain in every public pool and spa must have a compliant cover by the effective date. **AFTER 12/20/08 THE POOL OR SPA CANNOT BE OPEN FOR USE IF THE COVERS AND SYSTEM ARE NOT COMPLIANT.**

Custom Pools is prepared to support you in your efforts to comply with the **mandatory** provisions of the Federal Pool and Spa Safety Act.

ACT NOW, DON'T DELAY, WE WILL BE INUNDATED WITH COMPLIANCE CALLS.

Please call us at 1-800-431-7800 and ask for the Service Department or fax the fact finding attachment to 603-431-5109 or log on to our website at www.custompools.com/safety.
